

Electrical JATC

Joint Apprenticeship Training Committee
Of Watertown NY

November 1, 2022

Where has the time gone?? I can't believe that we are already starting November. This means that day school has already been in session for a month.

Since my last report we held our apprentice orientation in Potsdam, this was by far the best one yet! Big thank you to all the vendors who gave out free tools and their time. It was nice to see the Executive board and all the apprentices.

Speacial Congragulations to our newest JW

(Right to Left) Toby Back, Patrick Thornhill, Jordan Smith. Each of them recived a bag full of tolls from southwire. Thank You for attending.

I also attended the NECA conference in October, this was a nice event and I got to speak with a lot of vendors about training opportunities at our JATC.

Looking ahead we will be investing a large amount of time into recruitment for the next class. Currently we are sitting at 80 Apprentices and looking to grow.

Happy Thanksgiving!!

Like always, if anyone has any questions feel free to reach out to me!

Alan
